International Advanced Level

Paper 2: Corporate and Management Accounting

You must have:

Source Booklet (enclosed).

Total Marks

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- Answer **both** questions in Section A and **three** questions from Section B.
- All calculations must be shown.
- Answer the questions in the spaces provided
– *there may be more space than you need.*
- Do not return the Source Booklet with the question paper.

Information

- The total mark for this paper is 200.
- The marks for **each** question are shown in brackets
– *use this as a guide as to how much time to spend on each question.*
- Calculators may be used.
- The source material for use with Questions 1 to 6 is in the enclosed Source Booklet.

Advice

- Read each question carefully before you start to answer it.
- Check your answers if you have time at the end.

Wages	<u>1 828 500</u>	<u> </u>
	<u>11 708 750</u>	<u>11 708 750</u>

Additional information at 30 September 2019

- Inventory of direct materials £281 500
- Advertising includes £12 000 paid in advance.
- No entry has yet been made in the books for the payment of interest on the debenture.
- Electricity is to be apportioned on the following basis:

Factory	Office	Shops
4	1	5

- Equipment consists of five new ovens, purchased at the start of the year, which are expected to last 10 years.
- Assuming a nil residual value and using the straight line method:
 - the factory building is to be depreciated over a 50-year life
 - the motor vans are to be depreciated over a four-year life.
- Gas is to be apportioned one third to each of the factory, the office and the shops.
- Insurance is to be apportioned on the following basis :

Factory	Motor vans	Office	Shops
7	10	1	5

- Interest owing on the bank loan is £6 000
- Wages were:

	£
Chefs	525 500
Office staff	117 000
Motor van drivers	302 000
Shop staff	<u>884 000</u>
	1 828 500

- A provision for corporation tax is to be made for £185 000, which is to be paid by 30 April 2020.

Required

- (a) Prepare for Cypriat plc, in accordance with International Accounting Standard (IAS) 1 (Revised), for the year ended 30 September 2019, a Statement of Profit or Loss and Other Comprehensive Income. (43)
- (b) Evaluate the use of information and communication technology (ICT) in accounting. (12)

(Total for Question 1 = 55 marks)

BLANK PAGE

SOURCE MATERIAL FOR QUESTION 2 BEGINS ON PAGE 8.

2 Homesounds plc is a multinational electronics company producing a range of products. The company has recently received permission to produce digital radios from the holders of the patent on payment of a royalty fee of £1.45 per unit produced.

Homesounds plc has to decide between two possible options for a site for a new factory to build the digital radios.

The following information regarding the two sites is available.

Option 1 Town Centre site

- Rent of the factory will be £60 000 per month.
- Payments to direct labour will be at a rate of £7.50 per unit.
- Material costs will be £3.75 per unit.
- Power costs will be £14 625 per quarter (three-month period) plus 5 pence (£0.05) per unit.
- Managers' salaries will be £45 000 per month.
- Delivery costs will be 35 pence (£0.35) per unit.
- Other fixed costs will be £27 000 per month.

Option 2 Countryside site:

- Rent of the factory will be £55 000 per month.
- Payments to direct labour will be at a rate of £7.80 per unit.
- Material costs will be £4.05 per unit.
- Power costs will be £15 000 per quarter (three-month period) plus 10 pence (£0.10) per unit.
- Managers' salaries will be £40 000 per month.
- Delivery costs will be 70 pence (£0.70) per unit.
- Other fixed costs will be £25 000 per month.

Digital radios will sell for £35.00 each.

Annual production will be 180 000 units, all of which will be sold.

Required

(a) Calculate the break-even point for Option 1 Town Centre site for **one** year, measured in:

(i) sales units

(12)

(ii) sales revenue.

(2)

- (b) Calculate for Option 1 Town Centre site for **one** year the:
- (i) margin of safety in sales units (3)
 - (ii) margin of safety as a percentage of sales. (3)
- (c) Calculate the profit for the Option 1 Town Centre site for **one** year. (4)
- (d) Explain **two advantages** of break-even analysis. (4)
- (e) Explain **two disadvantages** of break-even analysis. (4)
- (f) Complete a break-even graph, in the question paper, for Option 2 Countryside site for **one** year, for an output of 0 to 180 000 units.
- Your graph must show the following:
- appropriate scales
 - fixed costs
 - total costs
 - sales revenue
 - break-even point
 - margin of safety for an output of 180 000 units
 - profit for an output of 180 000 units
 - the angle of incidence. (8)
- (g) Explain what useful information the angle of incidence would give to the management of the company. (3)
- (h) Evaluate the **two** possible options for the site of the new factory, considering financial and non-financial factors. (12)

(Total for Question 2 = 55 marks)

TOTAL FOR SECTION A = 110 MARKS

SECTION B

Answer **THREE** questions from this section.

3 Merillion plc produces parts for cars from two factories:

- Ashton factory produces exhaust units
- Berton factory produces petrol tanks.

There is also a head office at Chanton.

Merillion plc produces statements using both absorption costing and marginal costing.

The following information is available, for the Ashton factory, for the year ended 30 September 2019.

Opening inventory	5 000 units valued at £82 000
Production	96 000 units per year
Direct labour	1.5 hours work per unit at a wage rate of £7.20 per hour
Direct materials	£3.50 per unit
Fixed overheads	£7 000 per month
Semi variable costs	£144 000 per year plus £2.50 per unit
Sales price	£29 per unit
Closing inventory	6 000 units

Head office fixed costs are £54 000 per year, apportioned between Ashton and Berton in the ratio 5:3.

Required

- (a) Prepare for management, a profit and loss statement for the Ashton factory, for the year ended 30 September 2019 using **marginal costing**. Your statement must show both the total contribution and the total profit.

(14)

Merillion plc has received an offer from an overseas supplier who is willing to supply the exhaust units for £15 per unit.

- (b) Explain **two non-financial** factors that Merillion plc may have to consider before deciding whether to accept the offer from the overseas supplier.

(4)

- (c) Evaluate, considering **only financial** factors, whether Merillion plc should accept the offer from the overseas supplier to supply at £15 per unit.

(6)

The profit and loss statement for the Berton factory, for the year ended 30 September 2019, was prepared using **absorption costing**, and is shown below.

8% of production remained unsold.

	£	£
Revenue		2 154 000
Cost of sales:		
Variable production cost	1 085 000	
Fixed production cost	<u>764 000</u>	
	1 849 000	
Less closing inventory	<u>(147 920)</u>	
Cost of sales		<u>1 701 080</u>
Profit		452 920

(d) Prepare the profit and loss statement for the Berton factory, for the year ended 30 September 2019, using **marginal costing**.

(6)

(Total for Question 3 = 30 marks)

4 You are the Assistant Financial Accountant for Jamalpur Logistics plc.

Additional information

- On 17 October 2018 ordinary shareholders received a final dividend for 2018 of £162 000
- On 30 October 2018 preference shareholders received a final dividend for 2018 of £100 000
- On 23 November 2018 property that cost £4 900 000 with depreciation to date of £1 290 000 was sold for £3 850 000
- On 4 December 2018 plant that cost £387 000 with a carrying value of £193 000 was sold for £167 000
- On 5 January 2019 equipment was bought for £328 000
- On 11 April 2019, after the redemption of preference shares, the remaining preference shareholders received an interim dividend of 3.5%.
- On 22 April 2019, after the issue of additional ordinary shares, all ordinary shareholders received an interim dividend of 1%.
- On 1 May 2019 Jamalpur Logistics plc bought shares in ABC Ltd for £241 000
On 25 June 2019 Jamalpur Logistics plc received dividends of £18 000 from ABC Ltd.
On 18 September 2019 Jamalpur Logistics plc sold the shares in ABC Ltd for £227 000
- Amortisation of intangible assets for the financial year totalled £300 000
- An intangible asset was sold for £100 000 during the financial year.
- Operating profit for the year was £1 270 000

The Chief Financial Accountant has completed the Cash Flows from Operating Activities for the Statement of Cash Flows for the year ended 30 September 2019. She wants you to help with the preparation of all other sections of the Statement of Cash Flows.

Required

- (a) Prepare, for the year ended 30 September 2019, the following sections from the Statement of Cash Flows, in accordance with International Accounting Standard (IAS) 7.
- (i) Cash flows from Investing activities (7)
 - (ii) Cash flows from Financing activities (10)
 - (iii) The reconciliation of cash and cash equivalents at the start of the financial year with cash and cash equivalents at the end of the financial year. (3)
- The Chief Financial Accountant wishes to ensure that your figures agree with her figures.
- (b) Calculate, using your answers from (a), the net cash flow from Operating activities, for the financial year ended 30 September 2019. (4)
- (c) Evaluate the performance of Jamalpur Logistics plc concerning liquidity, for the financial year ended 30 September 2019. (6)

(Total for Question 4 = 30 marks)

- 5 Jaffna Doors Ltd produces glass doors in a factory. The Cost Accountant is considering the figures for the production department for the month of October.

	Budget		Actual	
Production (units)	1 920		1 880	
Direct materials	4 224 square metres	£194 304	3 984 square metres	£171 312
Direct labour	3 360 hours	£28 560	3 478 hours	£27 824
Overheads		<u>£52 760</u>		<u>£54 820</u>
Total cost		£275 624		£253 956

Overheads are regarded as a fixed cost.

Required

- (a) Calculate, for an output of 1 880 units, the **total** budgeted:
- (i) quantity of raw materials, in square metres (2)
 - (ii) cost of the raw materials (2)
 - (iii) number of direct labour hours (2)
 - (iv) cost of direct labour. (2)
- (b) Calculate, for the month of October, the **total**:
- (i) material usage variance (4)
 - (ii) material price variance. (6)

The following variances have already been calculated:

Direct labour rate £1 739 Favourable
 Direct labour efficiency £1 598 Adverse

Required
